RCCG DOMINION ASSEMBLY · USHERING

Your Ushers App, one step at a time

A picture guide for the Head Usher. Each page shows one thing you can do, with the exact button to tap.

Take it one page at a time. Nothing here needs to be learned in one go, and nothing you tap can break the app. If you are ever unsure, ask Asim and he will go through it with you.

Purple screens

The **Ushers App**. Every usher has this. Your duties and reports to check are here.

Green screens

The **Admin App**. Only you and the Assistant Head Usher have this. It is where you run the department.

Orange rings

Show you **where to tap**. They are only in this guide, not in the real app.

What is in this guide

1. Put the app on your phone
2. Sign in
3. The first time: your PIN
4. Your home page
5. Turn on alerts
6. Open the Admin App
7. See last Sunday at a glance
8. Say yes or no to a request
9. Find cover later
10. Check and countersign a report
11. Fill in a report yourself
12. Add the offering and sign
13. Correct a report
14. Read and print reports
15. Make the Sunday rota
16. See the whole rota
17. Add a special event
18. Cancel an event
19. Who is in charge today
20. Send a message to the ushers
21. See who has read your message
22. If you can't make your own duty
23. Add a new usher
24. Help your ushers get the app
25. Give a role, or reset a PIN
26. Remove someone
27. Your notifications
28. Change your PIN
29. Sign out

Getting started You only do these once.

1 GETTING STARTED

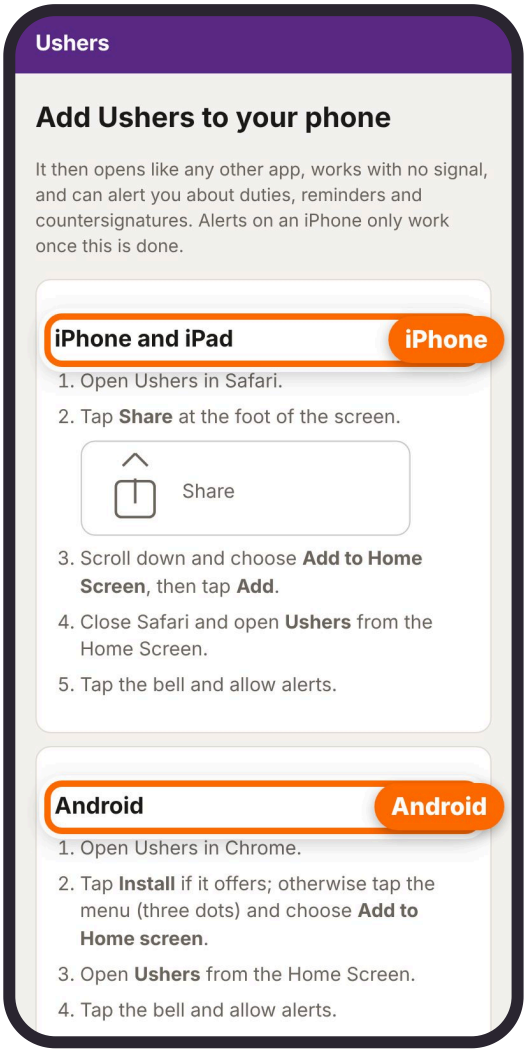

Put the app on your phone

Open this address on your phone:

drolnstone.github.io/ushers

The page that opens shows the steps for an **iPhone** and for an **Android** phone. Follow the ones for your phone. Afterwards, Ushers sits on your phone like any other app.

Tip: Asim can do this part with you in two minutes.

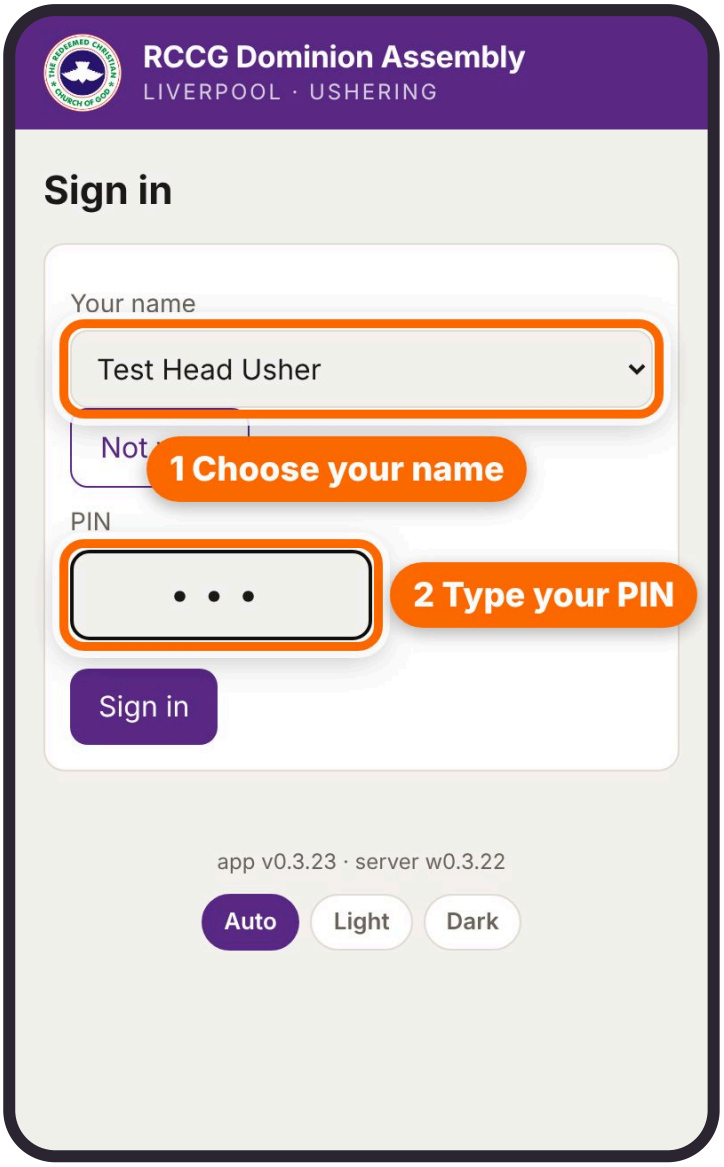

2 GETTING STARTED

Sign in

1. Choose **your name** from the list.
2. Type your **4-number PIN**.

That is all. The app signs you in by itself after the fourth number.

Keep your PIN to yourself. It is also your signature when you sign or approve something.

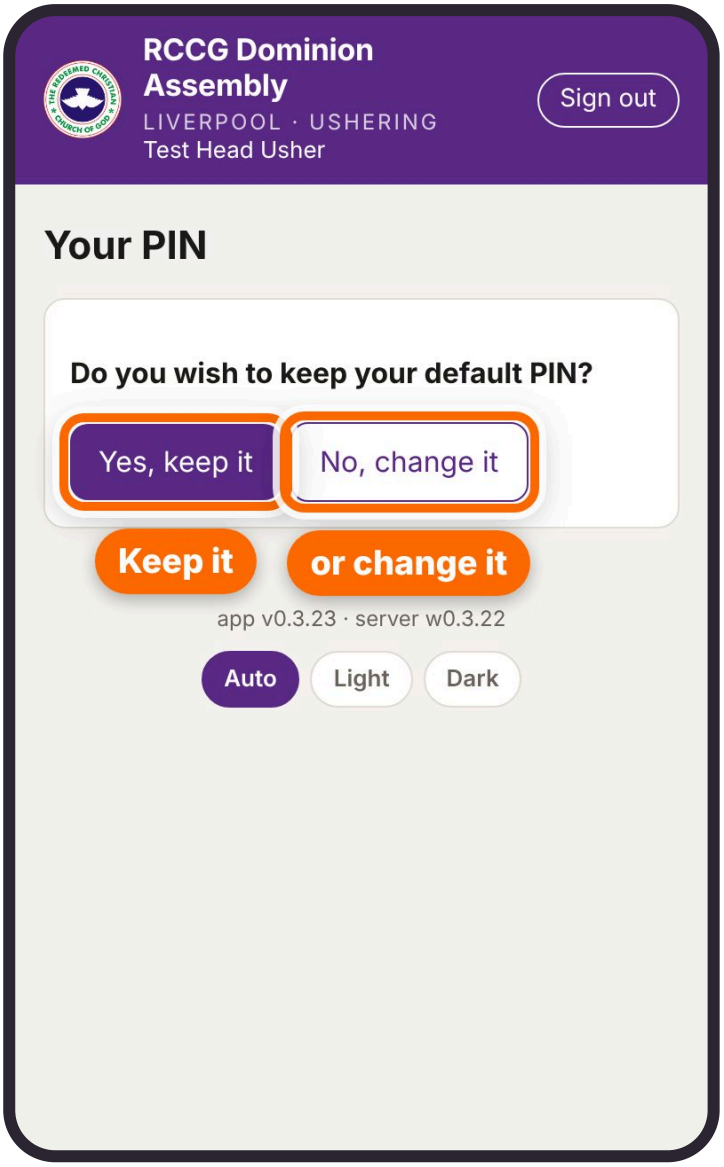

3 GETTING STARTED

The first time: your PIN

The very first time you sign in, the app asks if you want to keep the PIN you were given.

1. Tap **Yes, keep it** to carry on, or
2. Tap **No, change it** to choose your own four numbers.

Tip: pick four numbers you will remember, but not your birthday.

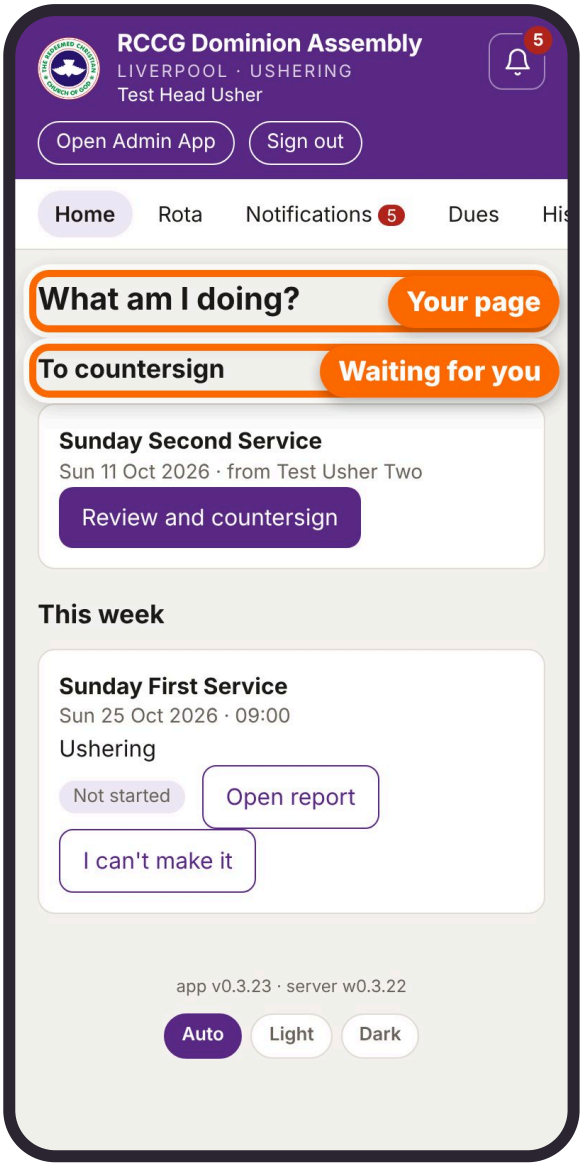

4 GETTING STARTED

Your home page

Home answers one question: **What am I doing?**

Anything waiting for you is at the top. Below it are your duties for this week and the weeks ahead.

Tip: tap **Home** at any time to come back here.

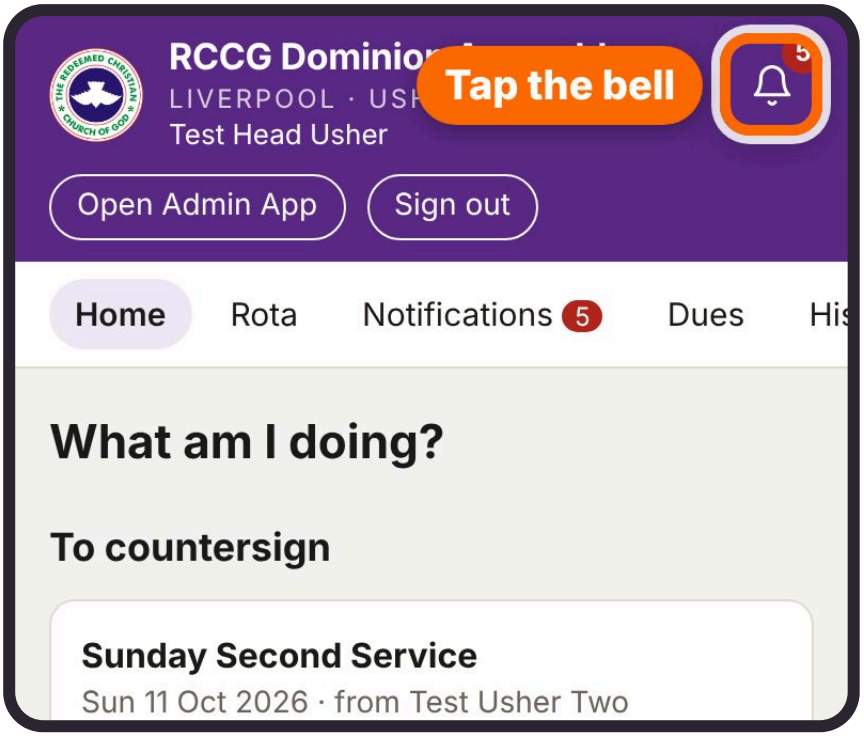

5 GETTING STARTED

Turn on alerts

1. Tap the **bell** at the top.
2. When your phone asks, tap **Allow**.

Your phone will now tell you when a report comes in or when someone needs your answer. The red number on the bell shows how many messages you have not read yet.

On an iPhone this only works after step 1, when you open Ushers from your Home Screen.

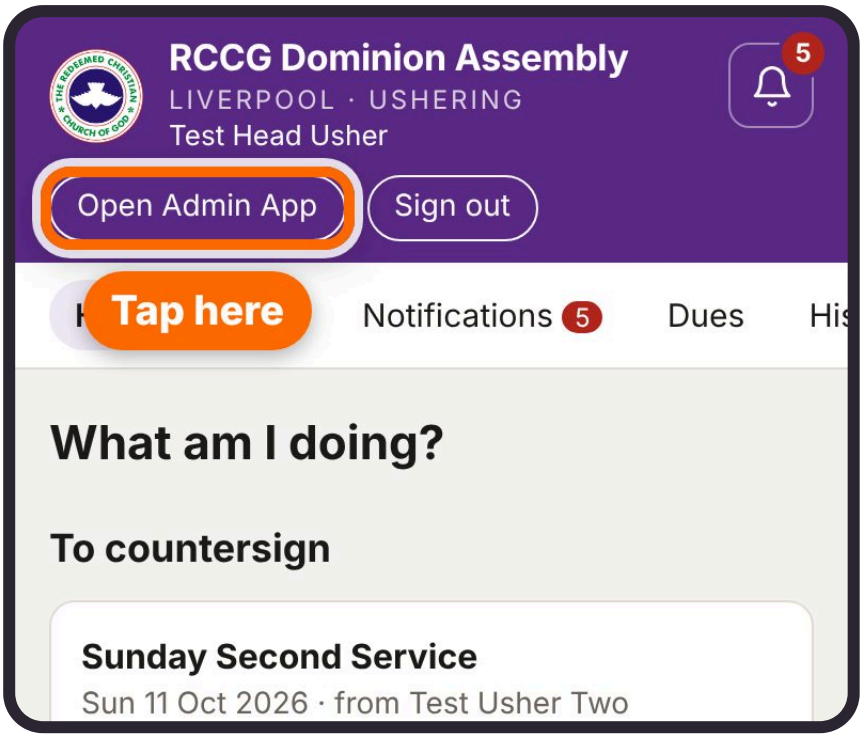

6 AFTER EACH SUNDAY

Open the Admin App

Your Head Usher tools are in the Admin App. Tap **Open Admin App** at the top. You do not need to sign in again.

How to tell where you are: the Admin App is **green**, the Ushers App is **purple**.

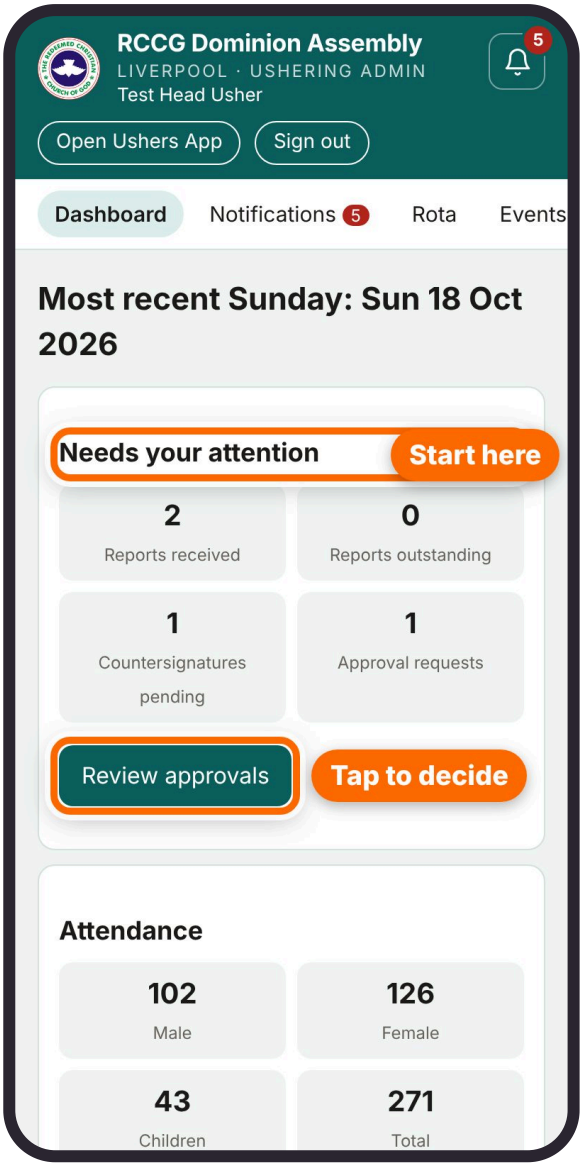

7 AFTER EACH SUNDAY

See last Sunday at a glance

The **Dashboard** opens first. It shows how many reports came in, what is still waiting, attendance and the offering.

If you see **Review approvals**, someone needs your answer. Tap it.

Tip: further down you can see next Sunday's rota, with an **Edit rota** button.

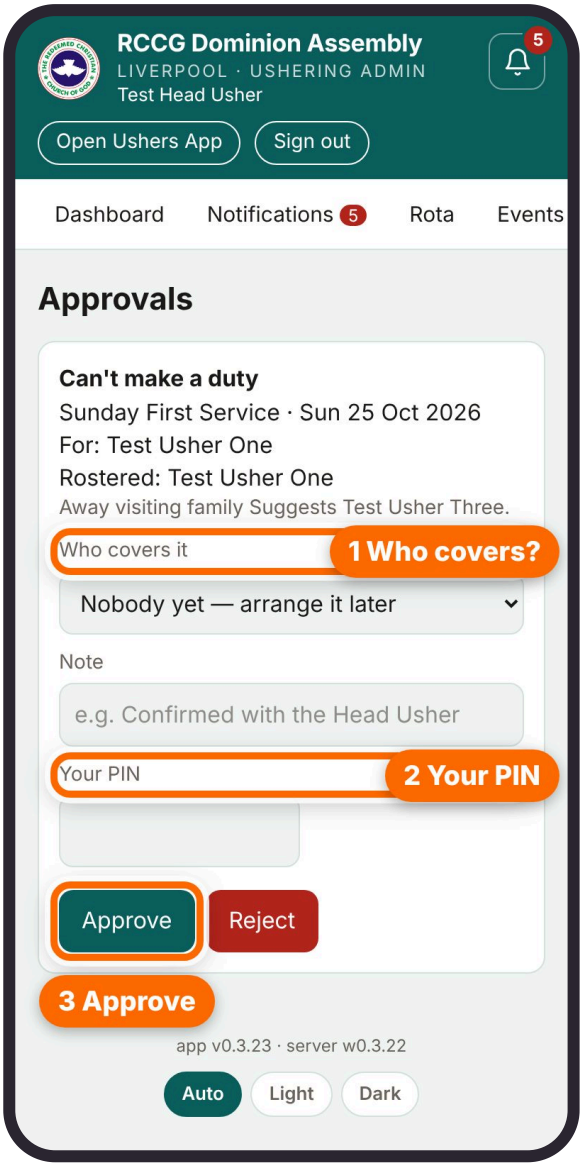

8 AFTER EACH SUNDAY

Say yes or no to a request

Requests come to **Approvals**. For example: an usher who cannot make their duty, an usher who needs to correct a report, someone who says they did another usher's duty, or a report sent to a checker who needs your OK.

1. If you know who will cover, choose them.
2. Type your PIN.
3. Tap **Approve**, or **Reject** if the answer is no.

The usher is told your answer straight away.

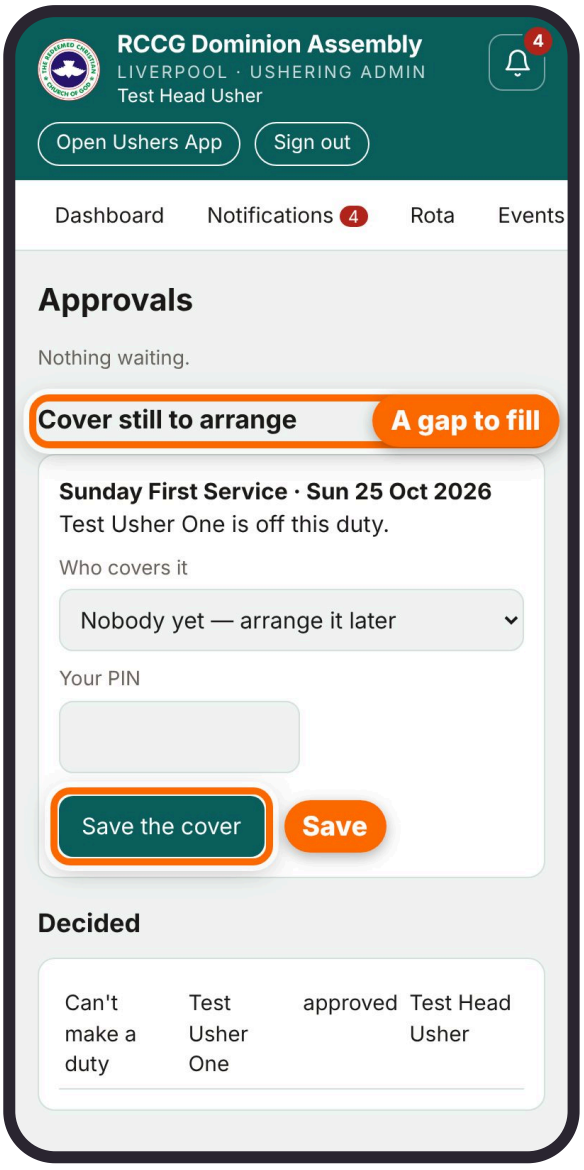

9 AFTER EACH SUNDAY

Find cover later

If you said yes to **"Can't make a duty"** but did not know who would cover, the duty waits under **Cover still to arrange** in Approvals.

1. When you have found someone, choose them in **Who covers it**.
2. Type your PIN.
3. Tap **Save the cover**.

Both ushers are told.

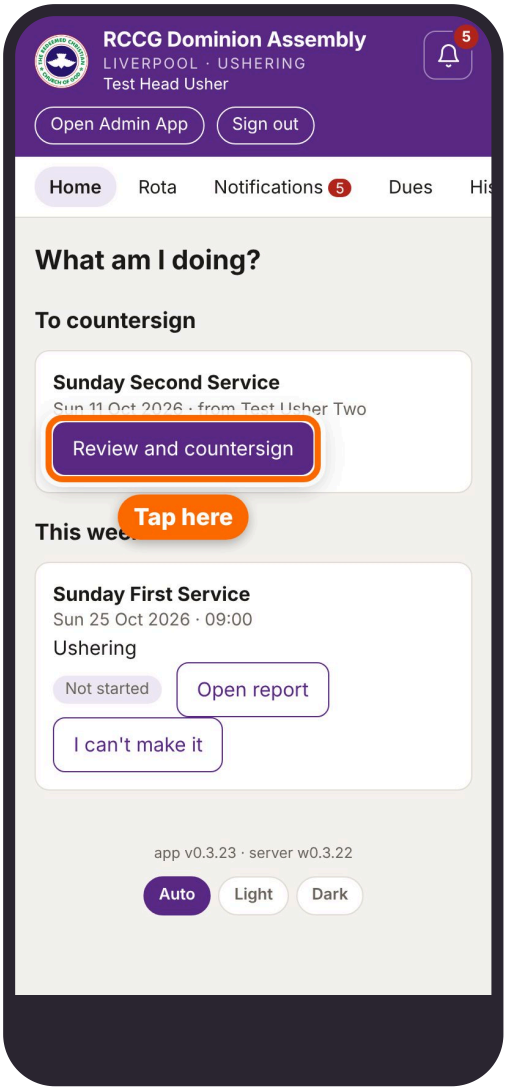

10 AFTER EACH SUNDAY

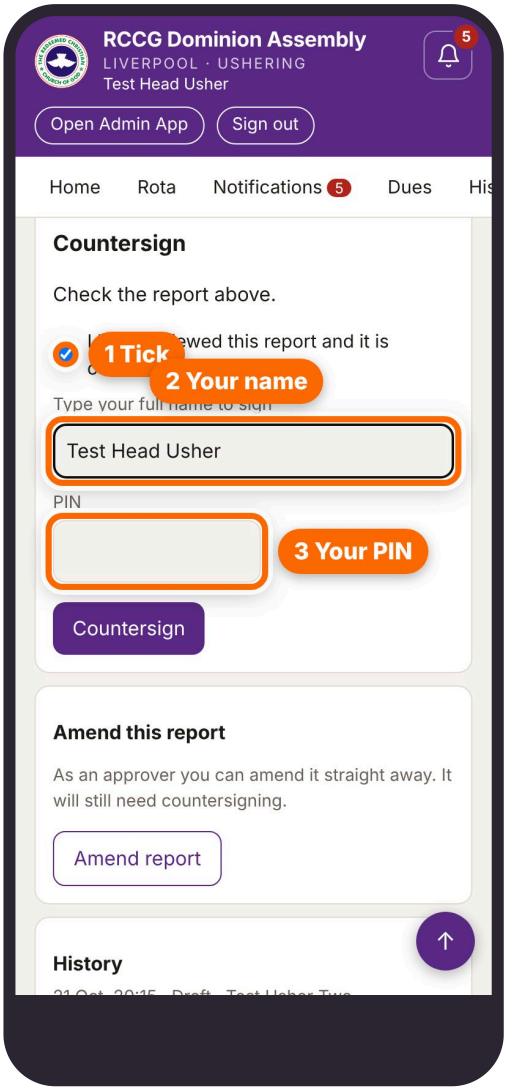

Check and countersign a report

When an usher asks you to check their report, it waits on your **Home** page in the purple Ushers App.

1. Tap **Review and countersign**.
2. Read the report.
3. Tick the box, type your full name and your PIN.

Countersigning simply means: "I have checked this report and it is true."

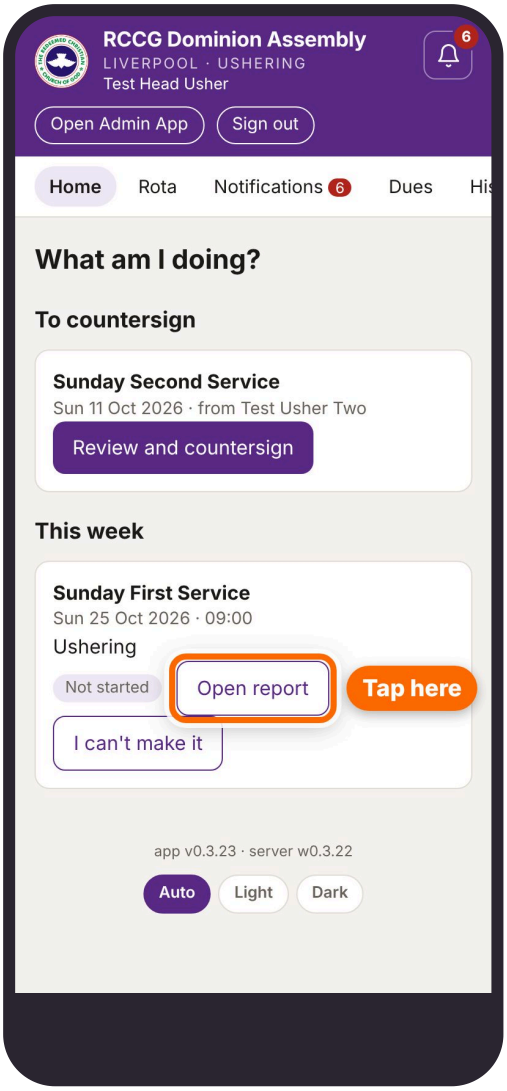

11 AFTER EACH SUNDAY

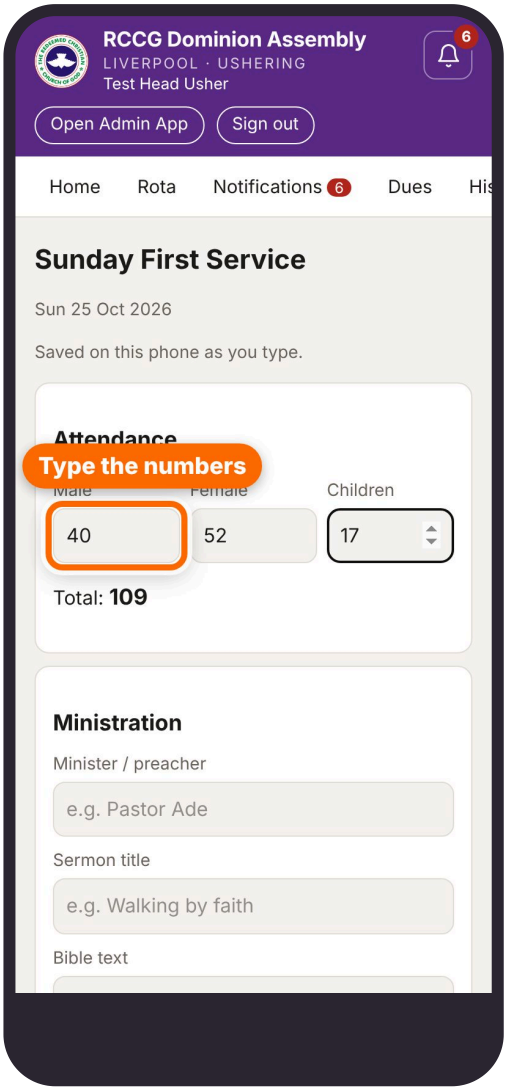

Fill in a report yourself

When you are on duty yourself, your service shows on **Home** in the purple Ushers App.

1. Tap **Open report**.
2. Type the numbers of men, women and children. The total adds up by itself.
3. Fill in the minister, sermon and the rest as far as you can.

Good to know: the app keeps what you type as you go, so you can stop and come back to it.

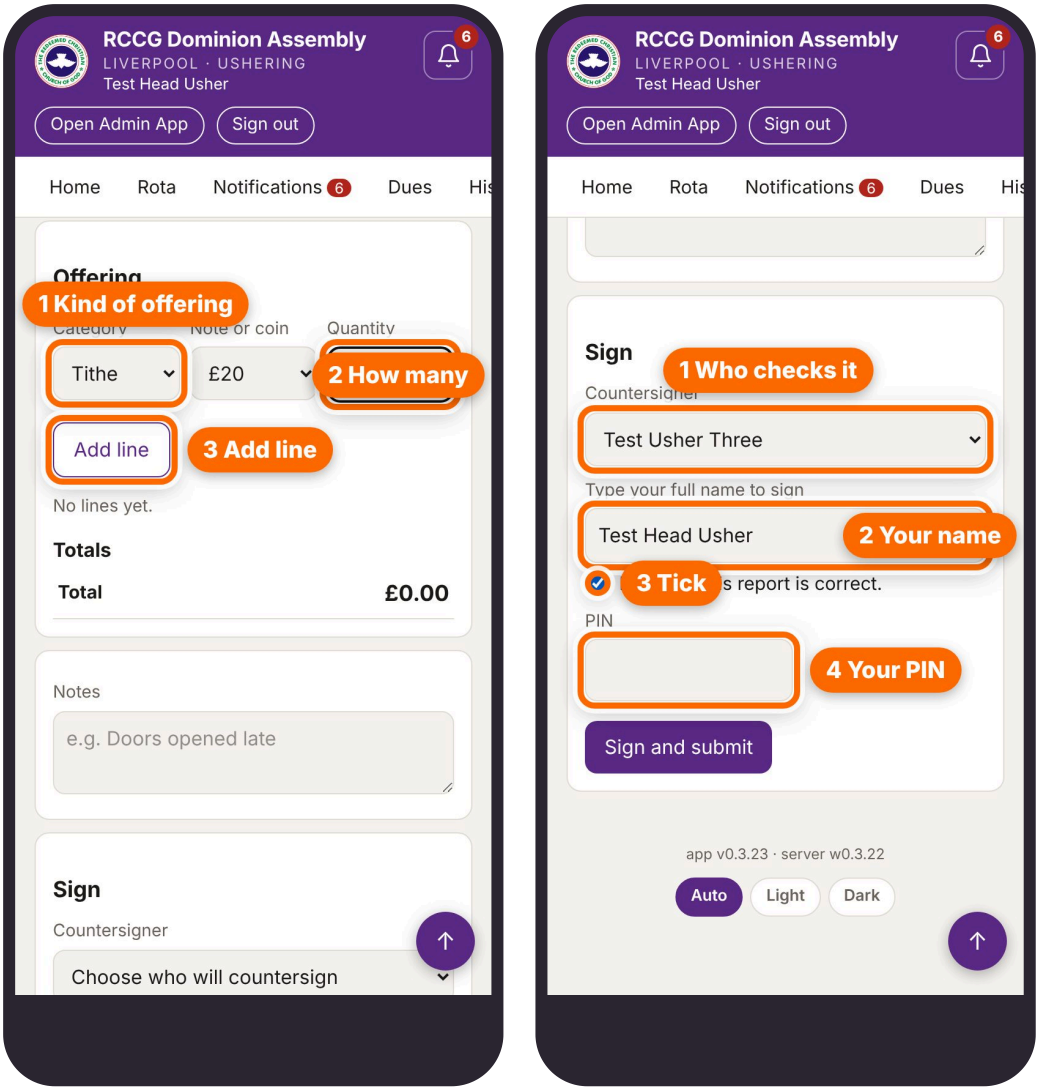

12 AFTER EACH SUNDAY

Add the offering and sign

1. For each kind of offering, choose the kind, the note or coin, and how many. Tap **Add line**.
2. Choose who will check (countersign) it.
3. Type your full name, tick the box, and type your PIN.

It sends by itself after the fourth number of your PIN.

No signal in church? It is saved on your phone and sent as soon as you have a signal.

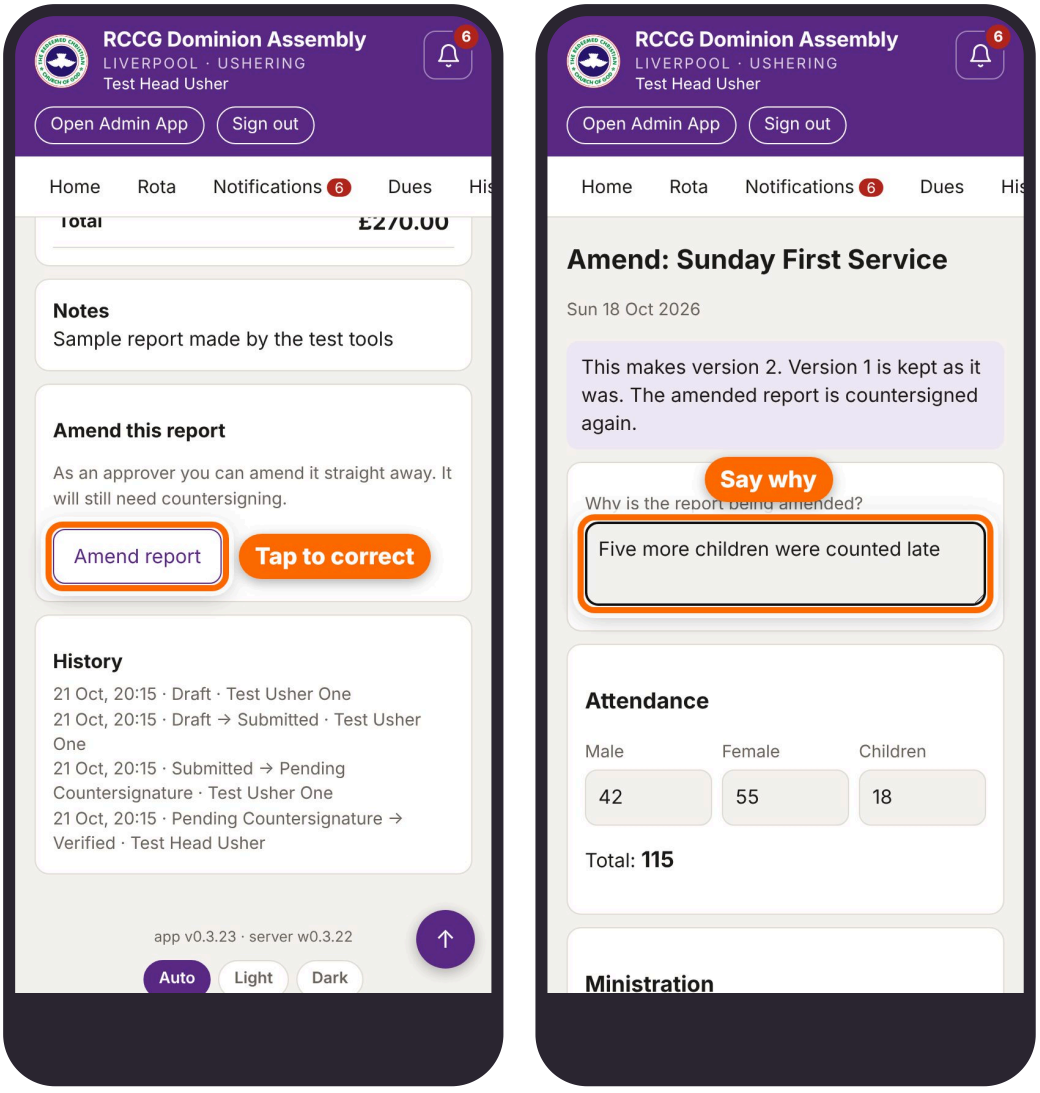

13 AFTER EACH SUNDAY

Correct a report

A report is never rubbed out, but it can be corrected. Open the report, scroll down and tap **Amend report**.

1. Say why it needs correcting.
2. Change what was wrong.
3. Sign it again with your name and PIN.

As Head Usher you can correct it straight away. The old version is kept, and the new one is checked (countersigned) again.

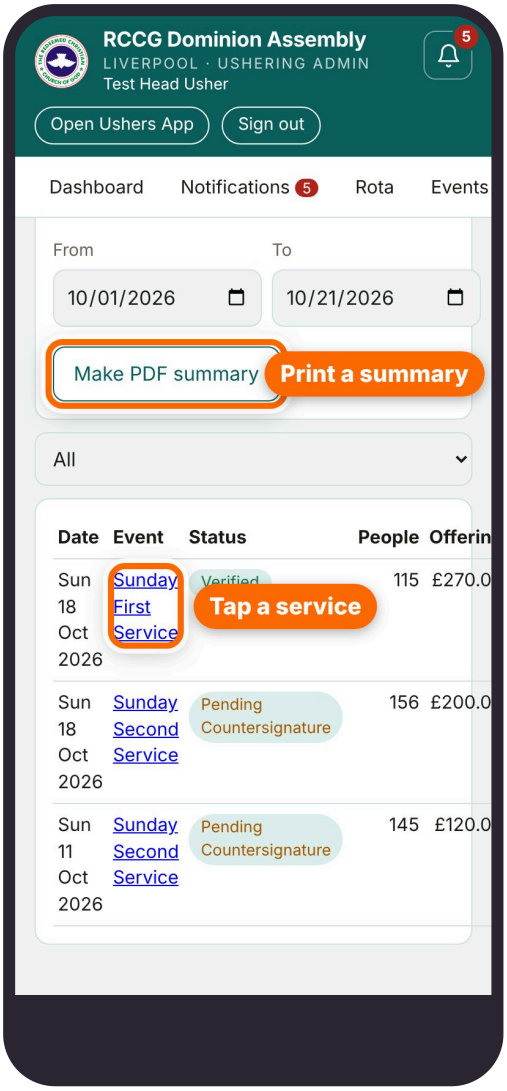

14 AFTER EACH SUNDAY

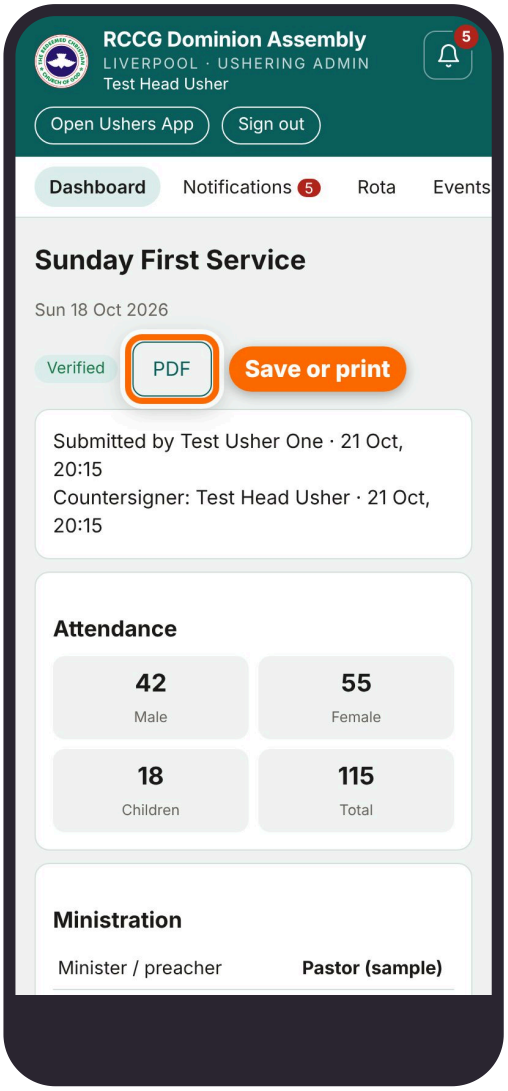

Read and print reports

Every report is kept in **Reports** in the Admin App.

- Tap a service to read it.
- Tap **PDF** to save or print it.
- For a month at a time, choose the dates and tap **Make PDF summary**.

Good to know: you are sent a summary at the end of every month anyway.

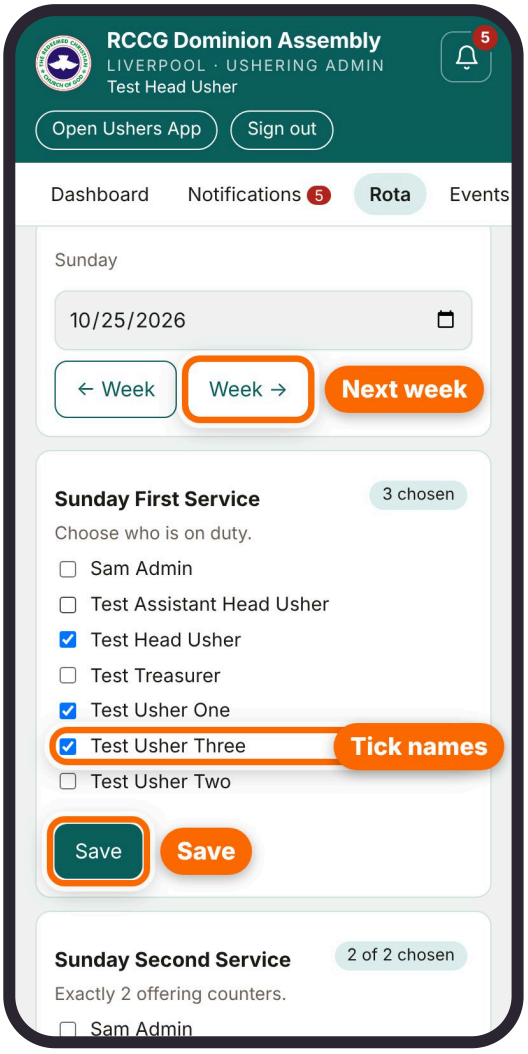

15 PLANNING AHEAD

Make the Sunday rota

1. Tap **Rota**, then use the **Week** arrows to find the Sunday.
2. Tick the names for **First Service**, then tap **Save**.
3. Do the same for **Second Service**.

Everyone you add is told straight away, and reminded two days before. Anyone you take off is told too.

Second Service needs exactly **2** offering counters.

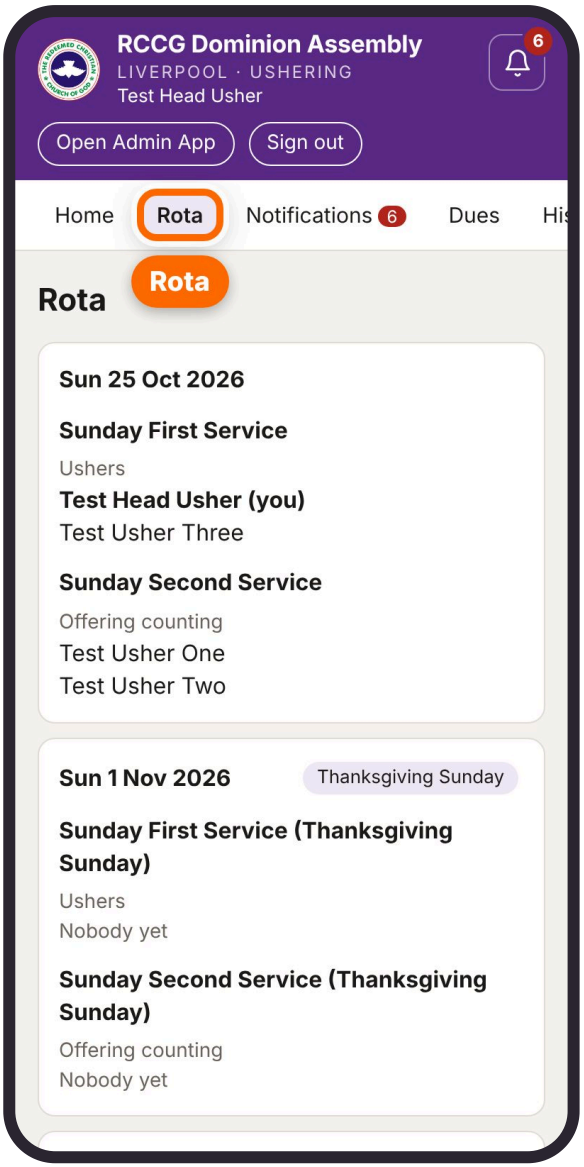

16 PLANNING AHEAD

See the whole rota

In the purple Ushers App, tap **Rota** to see who is on duty for the next eight weeks. Your own name is marked **(you)**.

Good to know: the first Sunday of each month is marked **Thanksgiving Sunday**.

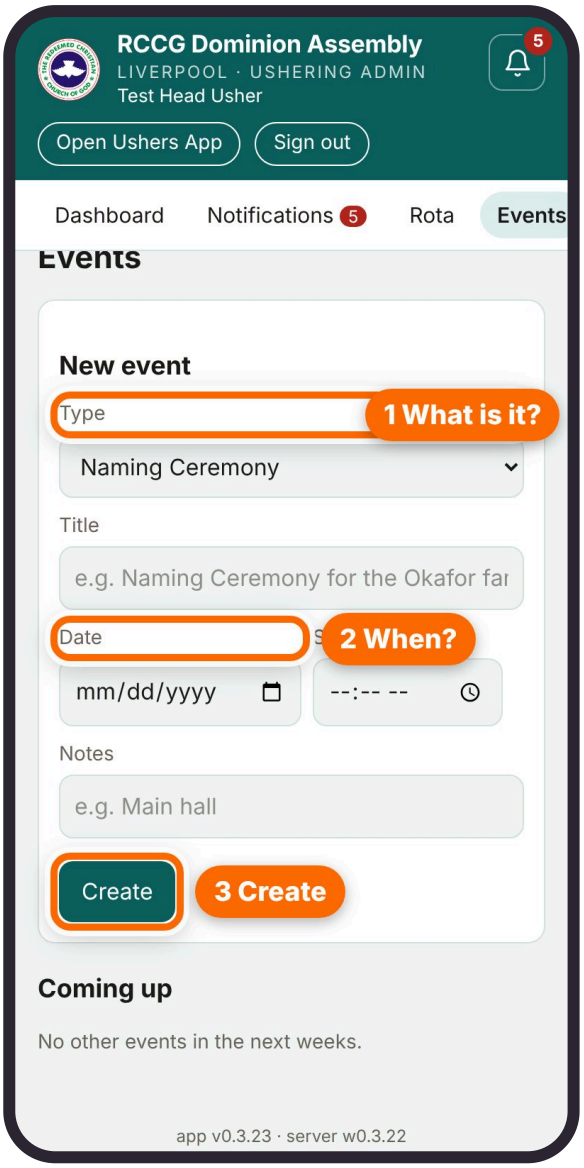

17 PLANNING AHEAD

Add a special event

For anything that is not a Sunday service, such as a naming ceremony or a prayer meeting.

1. Tap **Events** and choose what kind of event it is.
2. Pick the date and time.
3. Tap **Create**.

It then shows under **Coming up**, where you choose who is on duty.

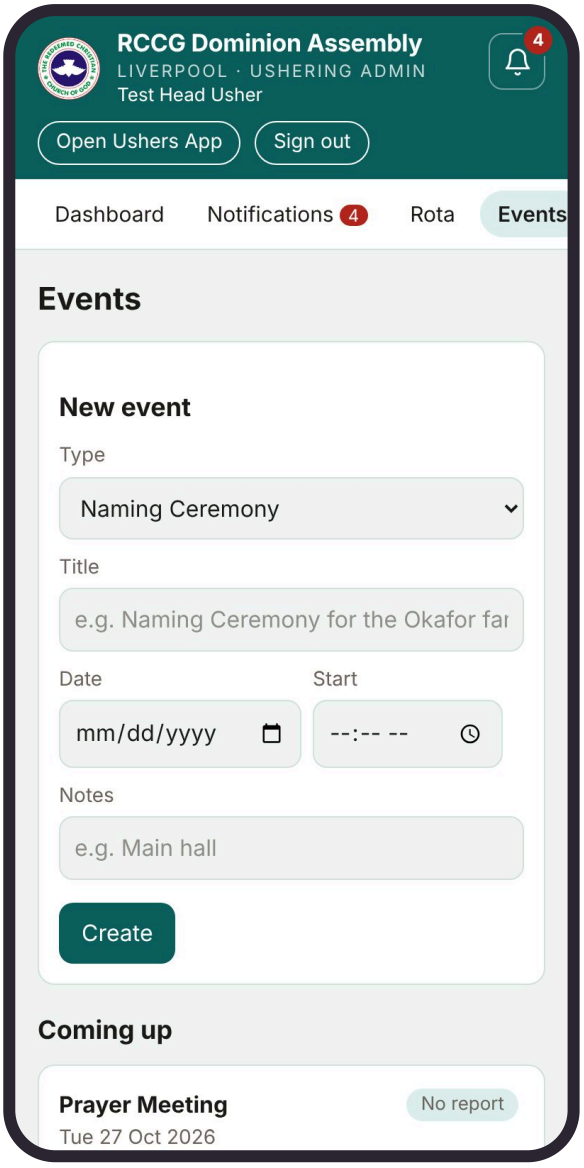

18 PLANNING AHEAD

Cancel an event

If an event is not happening, find it under **Coming up** in Events and tap **Cancel event**.

Everyone on duty for it is told. If it goes ahead after all, tap **Restore** and they are told it is back on.

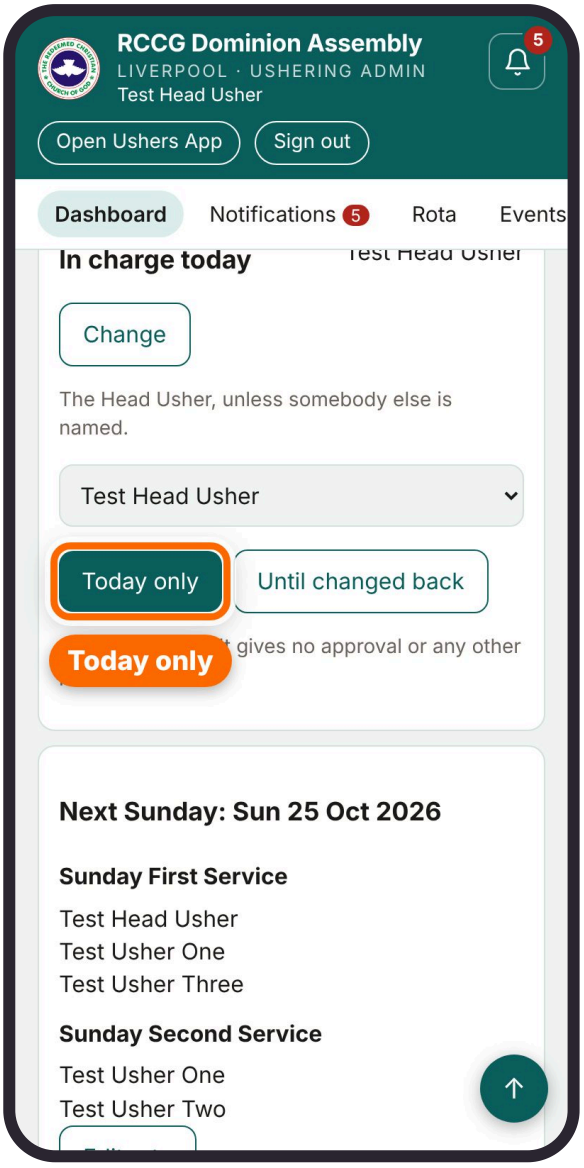

19 PLANNING AHEAD

Who is in charge today

Every usher's Home page says who is in charge today. It is **you**, unless you change it.

1. On the Dashboard, find **In charge today** and tap **Change**.
2. Choose a name.
3. Tap **Today only**, or **Until changed back**.

Good to know: "Today only" goes back to you by itself after midnight.

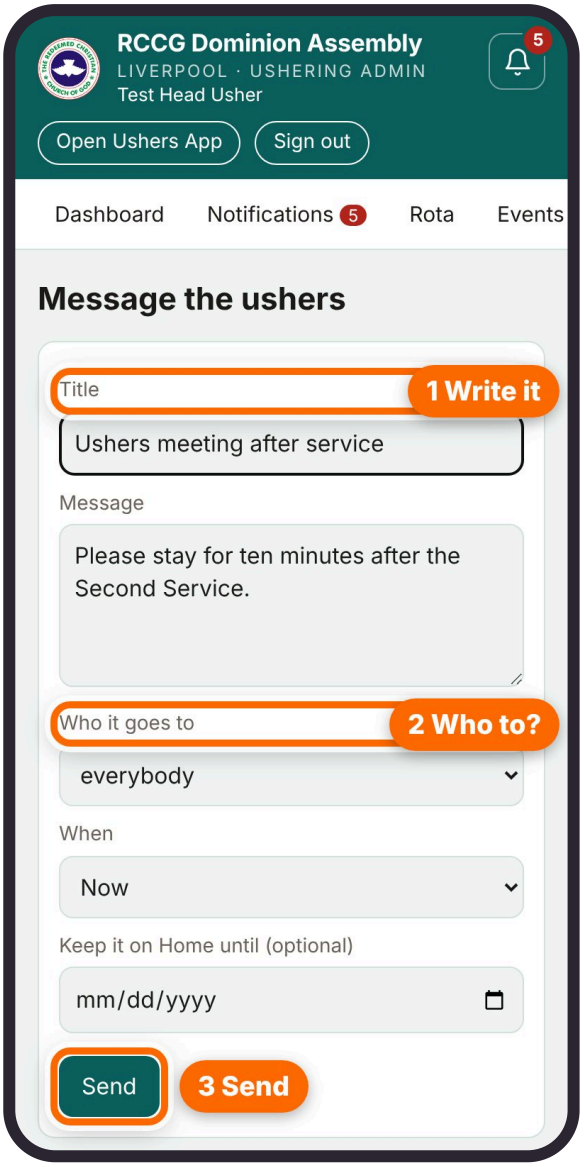

20 PLANNING AHEAD

Send a message to the ushers

1. Tap **Message**. Write a short title and your message.
2. Choose who it goes to: everybody, this Sunday's ushers, the counters, or people you pick.
3. Tap **Send**.

It reaches their app, phone and email. You can also choose to send it later, or keep it on everyone's Home page until a date.

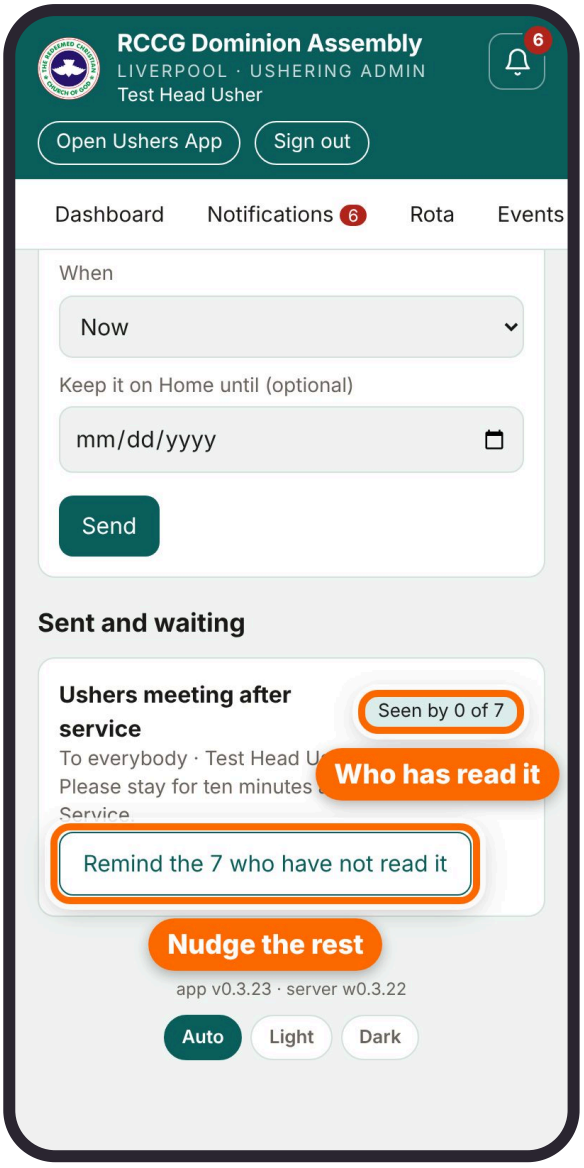

21 PLANNING AHEAD

See who has read your message

Under **Sent and waiting**, each message shows how many people have read it.

Tap **Remind the ones who have not read it** to nudge only those people.

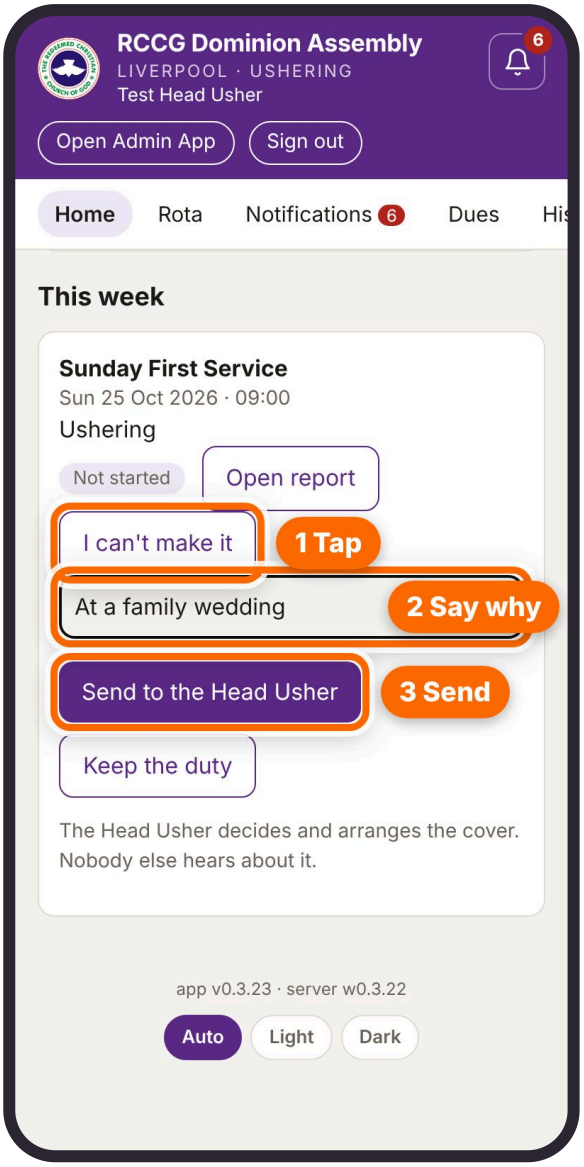

22 PLANNING AHEAD

If you can't make your own duty

1. On **Home** in the purple Ushers App, tap **I can't make it** under the duty.
2. Say why.
3. Tap **Send**.

Because you are the Head Usher, it is agreed straight away. Then find cover in **Approvals**, as on the "Find cover later" page.

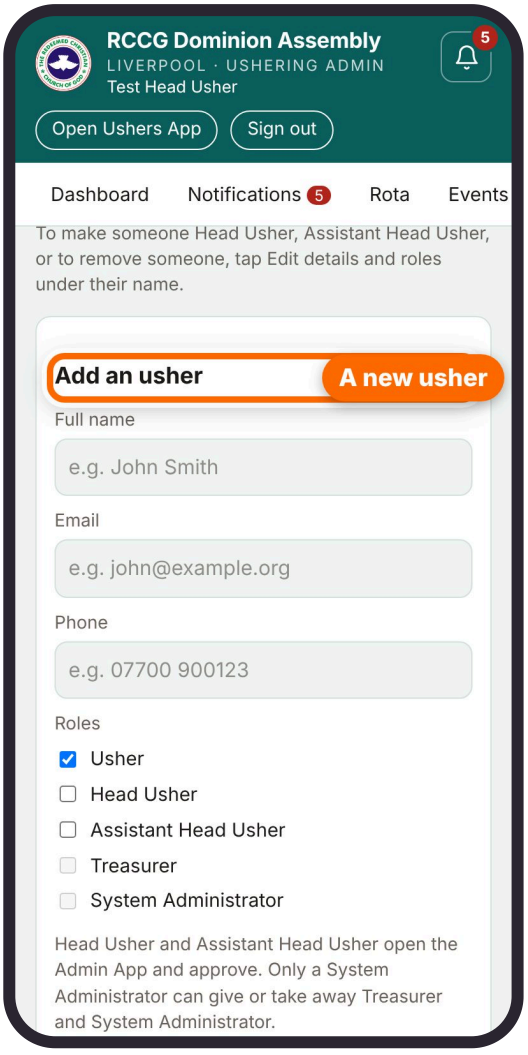

23 YOUR USHERS

Add a new usher

1. Tap **Ushers**.
2. Under **Add an usher**, type their name, email and phone number.
3. Tap **Add**.

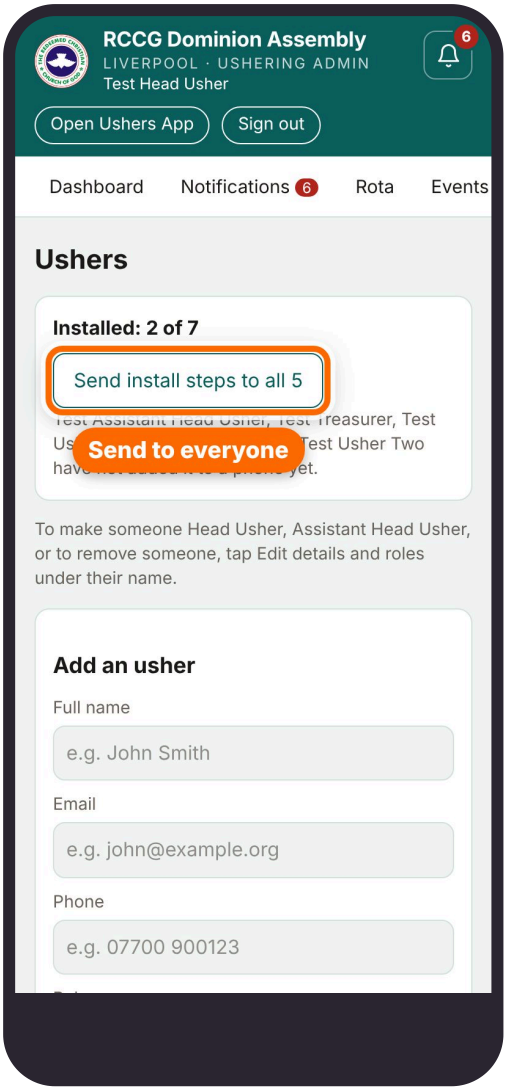

They sign in with their name and a starting PIN, and are asked whether to keep it.

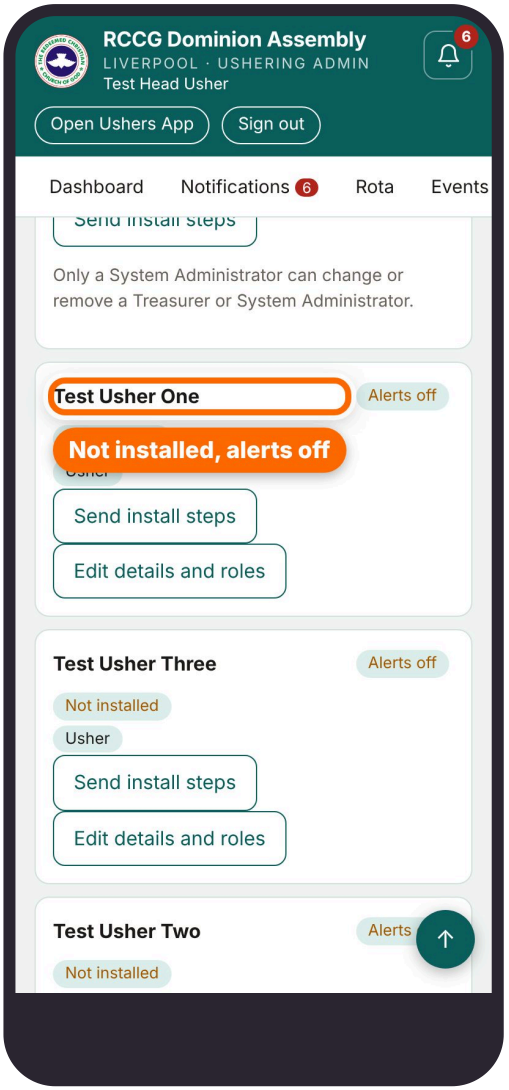

Help your ushers get the app

At the top of **Ushers** you can see how many have put the app on their phone.

- **Send install steps to all** sends the steps to everyone who has not done it yet.
- Under one person, **Send install steps** sends it to just them.
- **Not installed** and **Alerts off** show who may be missing messages.

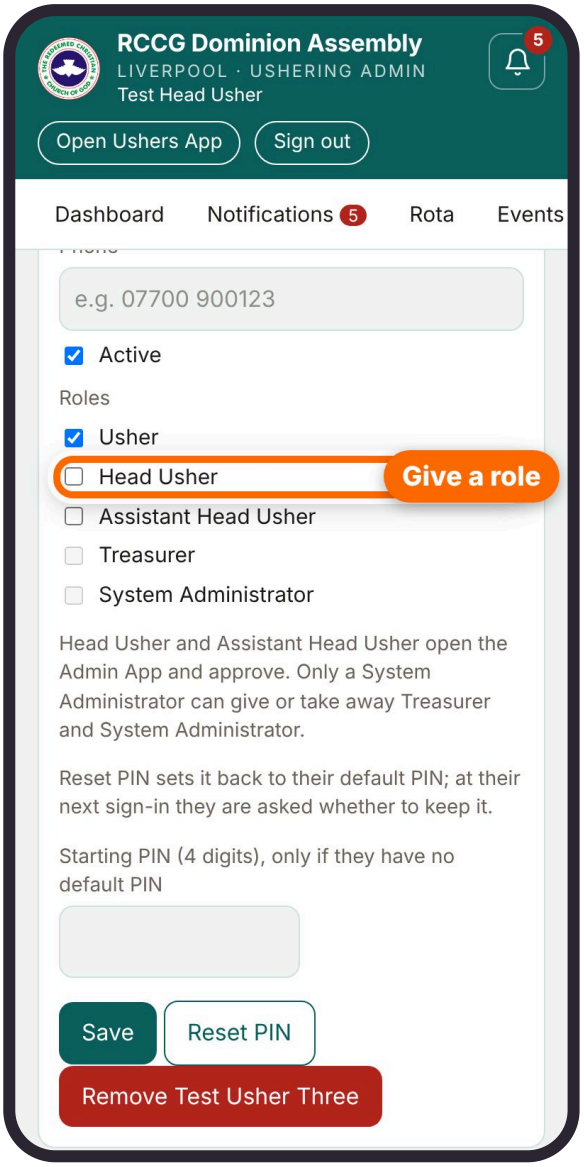

25 YOUR USHERS

Give a role, or reset a PIN

1. In **Ushers**, tap **Edit details and roles** under their name.
2. Tick **Head Usher** or **Assistant Head Usher**, or change their phone or email.
3. Tap **Save**.

If someone forgets their PIN, tap **Reset PIN** on the same screen.

Treasurer and **System Administrator** are given by Asim, so those boxes are greyed out for you.

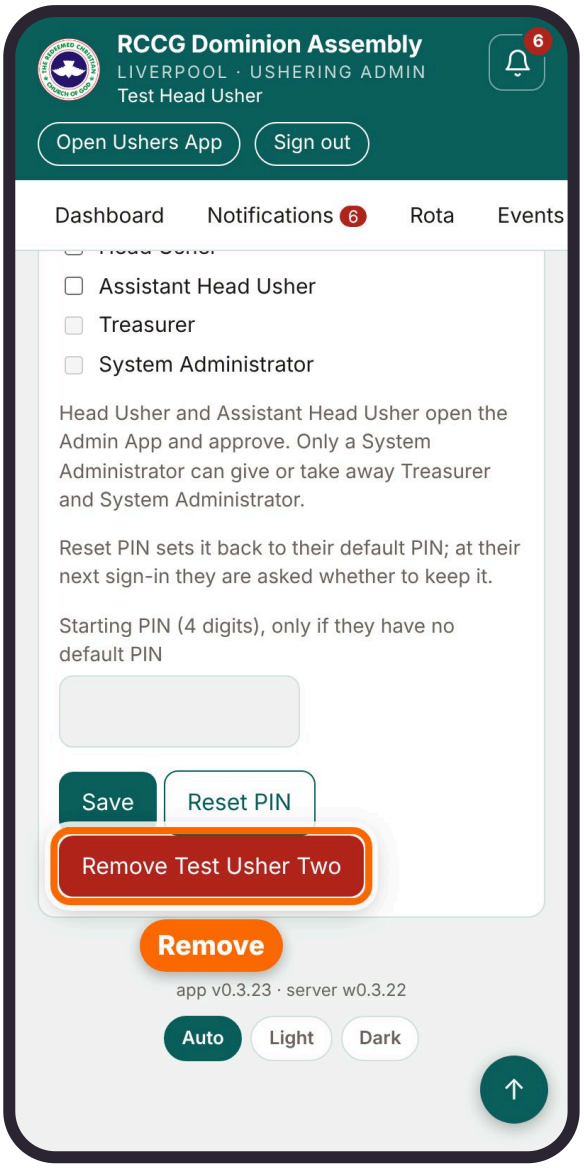

26 YOUR USHERS

Remove someone

If someone leaves the department, open **Edit details and roles** under their name and tap **Remove** at the bottom.

They can no longer sign in and come off any duties to come. Their past reports stay on the record. To bring them back, tick **Active** on the same screen and tap Save.

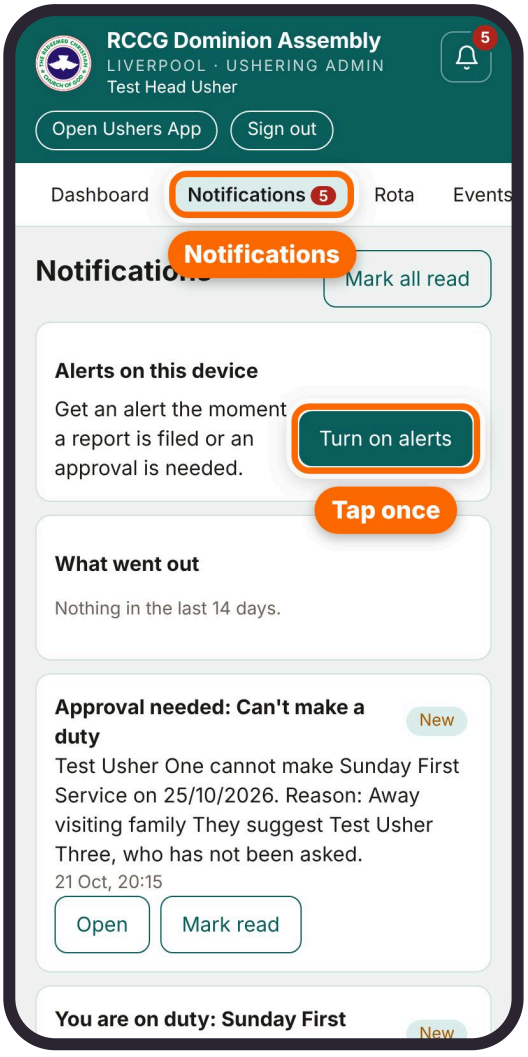

27 LOOKING AFTER YOUR ACCOUNT

Your notifications

Everything the app has told you is kept in **Notifications**: reports filed, requests waiting, monthly summaries.

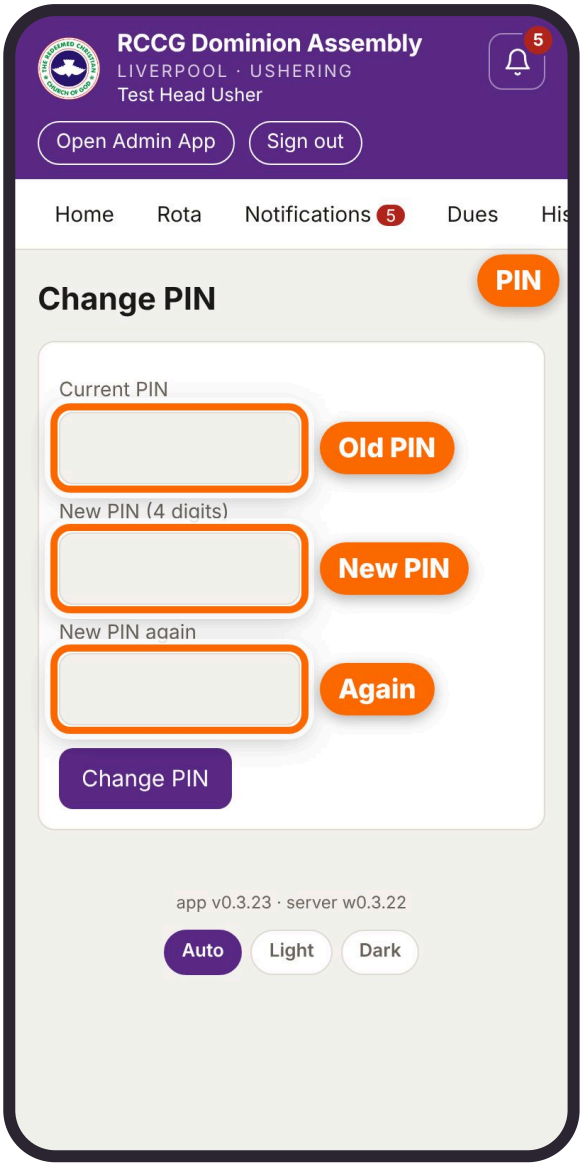

Tap **Open** on any of them to go straight to it. If you have not turned alerts on yet, tap **Turn on alerts** here once.

Change your PIN

1. In the purple Ushers App, tap **PIN** at the end of the row of tabs.
2. Type your old PIN, then your new PIN twice.
3. Tap **Change PIN**.

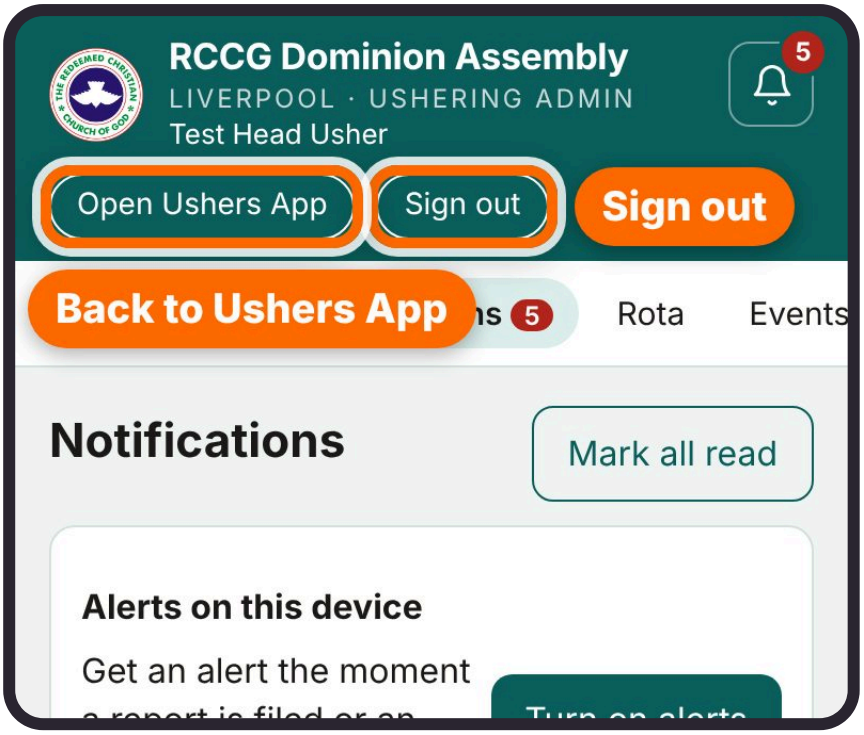

Tip: slide the row of tabs to the left if you cannot see PIN.

Sign out

Tap **Sign out** if anyone else uses your phone. Next time, just sign in with your name and PIN.

Open Ushers App takes you back to the purple app.

Good to know

- The purple app also has **Dues** (your own department dues), **History** (your past duties and reports) and **Notifications**.
- At the bottom of every screen, **Light** and **Dark** change the colours if one is easier on your eyes.
- Ushers are reminded of their duty two days before, and on the day if their report is not in yet, so you do not have to chase them.
- **Dues and money** are looked after by the Treasurer. **Settings** are looked after by Asim.
- The Assistant Head Usher can do everything in this guide too, so you can share the load.
- If something looks wrong or a button does not do what you expect, ask Asim.

The pictures use made-up practice names ("Test Head Usher", "Test Usher One"). On your phone you will see your own name and your ushers.
